

Business Council of Norfolk Island

Networking, Advocacy & Education

A meeting of like-minded business owners and individuals interested in progressing economic outcomes on the island.

Vision

Advance, support and mentor Norfolk Island's businesses with transparency and integrity.

Mission

- We aim to connect, unite and grow a successful and vibrant business community on Norfolk Island, building new connections that nurture an entrepreneurial and innovative culture.
- We strive to positively influence policy, planning and investment for the benefit of local business, enhanced community prosperity and sustainable activity and growth.
- We act as an advocate and voice for the business community with governing bodies, a conduit for information and a promoter of Norfolk Island's unique regional location.

Affiliations

- We promote and maintain co-operation, collaboration and close relations with other like-minded organisations or groups representing business interests in a non-political manner.
- We build local and offshore networks, in the private and public sector.
- We strengthen our relationship and understanding with the government authorities and peak bodies.

Member Services

- We create opportunities for members to share knowledge expertise and resources, and to develop productive business relationships to achieve the objectives of the BCNI.
- We build, maintain and make available to members a database of information and resources to enable members to make informed, evidence-based decisions.
- We collect and circulate statistics, data and other information relating to such trade, business and industry.
- We form a code of practice whereby the transactions of business matters may be simplified and facilitated.
- We undertake training and education for the benefit of members and the community.
- We raise money by membership fees and grant any rights and privileges to members.
